PETITION FOR
CITY PURCHASE
OF FIRE TRUCKMay Be Presented to the City
Commission Here Next
Monday Night

DISCUSS TRUCK MATTER

Majority of City Body Has Been
in Favor of Purchase of Less
Expensive Apparatus

A petition is being circulated, which probably will be presented to the city commission at its next meeting, Monday night, asking for the purchase of a motor fire truck. Harry Homan, who is in charge of the petition, said today that it contained the names of about 50 business men.

The plan proposed in the petition is for the purchase of a 750-gallon triple combination truck, with a pumper, at a cost of about \$12,500. It is proposed by the sponsors to pay for it by issuing \$1,924 recently received from the state as a part of the appropriation made for the insurance company tax for the purpose; another payment to be made in June, \$4,000 appropriated by the city commission four years ago for the purchase of a fire truck but which money had been spent, and payments of \$2,000 a year for several years. These payments would be made from the fire fund received annually from the insurance company tax.

The majority of the city commission has been in favor of the purchase of a truck chassis and mounting the present apparatus on it, doing away with the horses. Under this plan a larger truck could be purchased later and this apparatus used as an auxiliary outfit.

Some of the members have been against purchasing a heavy, expensive piece of apparatus at this time because they feel that prices on these trucks will drop considerably in the near future. This was one of the arguments advanced against a heavy apparatus at the time the various bond issue matters were up. It was said that fire apparatus had not decreased in price in proportion to the decrease of other automotive equipment.

It is pointed out that the city could easily finance the purchase of a chassis and maintain the present wagon apparatus on it at this time, by those in favor of this method. Those opposed to it hold this would not provide adequate equipment.

EMPLOY AID TO
ACT FOR CITY
IN WATER CASES. J. Hunt to Make Investigations
to Assist City Attorney in Conduct

The city commission has employed S. J. Hunt, engaged in utility rate practice to assist in the presentation of the city's case when the water hearing is held before the railroad commission on May 1. Mr. Hunt was engaged at a meeting of the commission held yesterday afternoon in the city hall, at which J. P. Spies and R. P. Logan, two of the petitioners to the railroad commission, were present. He will assist City Attorney O'Hare.

There was informal discussion of the case and the general situation. The building of a new plant or attempts to purchase the present plant were discussed in an informal manner. One commissioner pointed out the disadvantage of building a new plant, saying the city might be held up by injunctions and law suits of one kind or another for several years and nothing accomplished. Another member said that if the city purchased the present plant by arbitration one stockholder might take the matter into court and halt the proceedings. There was discussion of improvements and additons which might be made if the city purchased the present plant at a fair figure and make it the nucleus of a city owned plant.

Commissioners Thompson and Larson, who had been delegated to ascertain what steps might be taken in the hearing of the case, or what the city might be expected to do, were informed by the commission that it was without funds to make an exhaustive investigation.

Mr. Hunt will begin work immediately on the case. His compensation is \$35 per day and expenses. The time to be required for presentation of the case is uncertain.

TRUBSHAW OUT
FOR LEGISLATURE

Valley City, N. D., March 16.—P. R. Trubshaw, editor of the Valley City Times-Record, has announced himself as a candidate for the house of representatives, fifteenth district, on a platform as follows: strict economy to meet present conditions. Reduction in valuation and limit in rate."

GRANT COUNTY
TO SELL BONDS

Grant county will sell \$125,000 of five-year, 6 per cent interest and feed bonds. Commissioner of Agriculture and Labor J. A. Kitchen said today.

RADIO TO REVOLUTIONIZE FARMING

BY W. A. WHEELER,
Chief, Radio News Service, U. S. Department of Agriculture.

Washington, March 16.—Adaptation of radio communication to the use and service of agriculture will, in my judgment, do more to revolutionize life on America's farms than any other single factor that has ever been known. Radio can bring to the farmer those things the lack of which has done most to make farm life both difficult and distasteful—news, market information, amusements and instructive entertainment.

To my mind, there is no single use of radio except the protection of life at sea and in the air that should take precedence over its utilization for the benefit of agriculture.

There are more than 32,000,000 people on farms, comprising nearly one third the total population of the United States. Most of these are located where they are practically cut off from immediate contact with the outside world. The radio is the only means of getting to them quickly either the economic information necessary in the proper conduct of their business, or the general news of the day.

Six Radio Stations.
The Department of Agriculture broadcasts weather, crop and market reports from six radio stations of the Postoffice Department.

Daily market reports on the live stock, grain, cotton, hay, feed, fruits and vegetable markets are broadcast over virtually the entire United States. Farmers located almost anywhere can receive them either direct or through the assistance of amateur operators.

A number of state bureaus of markets and agricultural colleges are also broadcasting both local and national (Continued on Page 4)

"FARMRADS"

Washington, March 16.—Radio is putting new words in Young America's vocabulary.
Among the latest is "farmrad," coined by the Department of Agriculture as the official designation of the farm radio clubs that have been springing up throughout the country. The farmrads are the comrades of the air.

A VOICE FROM THE FARM

Glen Ullin, March 15.

Editor Tribune:
Well I be "dogged" if this farmer program is not getting stale. It has been hashed so long—from religion down to socialism; from cents to millions of dollars, from "Big Biz" down to straw covered floors; from raw and green material down to the manufactured article—and we are not yet through. We are still eating bread from the big milling industries in Minnesota and begging money from there whenever we can get it.

We want to sell the manufactured article and gain five cents on a sack of flour (we would all have to move around the Drake mill), which would mean in my case a profit of \$2.00 a year, and I am paying for three years already \$150 more taxes to get the \$2.00.

I say, give the Drake mill to Townley and the Werner Creamery to Liedersbach. One can make the bread and the other can make the butter, so they will both have bread and butter to eat (that is if they ever get normal again and co-operated a little), and will not have to fool the farmer for it with political windmill speeches.

The whole "darned" program is nothing but politics, acrimonious theories, manufactured from radical bankrupt politicians.

Why does not the packing plant at Fargo tan hides and manufacture shoes? We get 37 cents for a cow hide and pay 39 cents for a pair of baby shoes.
Why does not the cotton farmer in the south sell the manufactured cotton goods? Just think how much we have to pay for a pound of manufactured cotton. Townley, Lemke, Liedersbach! For God's sake move south, take the whole trile with you and organize the southern farmer and show him how to make money out of cotton. I know you can tell them the story. Get Brother Mills to help you. He has the operations, hair-curling theories, how to operate on the farmer. Tell them all.

MANDAN MAN
IS FINED \$100

Frank Broker, of Mandan, who pleaded guilty in federal court to a charge of destroying evidence, the evidence being a bottle of liquor taken in a raid in Mandan, was fined \$100 by Judge Miller.

Ask Scale Lowered

Cando, N. D., March 16.—Discussing tax matters at a mass meeting here, Towner county officials and taxpayers, adopted resolutions to the following effect:

Favoring revision downward of the minimum wage for teachers.
Recommending that road work wages on a 10-hour basis be: overseer, \$2.50; man, \$2.00; team, \$2.00; road dragging, 37 1/2c a mile one way.

Recommending that county and township officials set a graded valuation on real estate commensurate with enhanced values due to proximity to state highways.

Favoring repeal of Chapter 93 of the 1921 Session laws pertaining to the price of state printing.

Recommending that county, township, school and city officials make a careful comparison between expenses, taxes, and all costs of 1915 and 1921, with a view to determining the causes of tax increases and ways in which they may be reduced.

GUNDER OLSON
TO QUIT G. O. P.
EXECUTIVE BODYWill Resign Position as National
Committeeman in Near Future,
It Is Expected

CREATES COMPLICATION

Said He Would Have to File Resignation with Leaguer Who
Heads Lawful G.O.P. Body

Resignation of Gunder Olson, national Republican committeeman, is expected in the near future as soon as the middle of the year. His successor is cleared up to the best interests of the republican party.

Under the law, it is urged, Mr. Olson files his resignation with F. C. Nichols, of Heaton, chairman of the state Republican committee. Mr. Lemke then would call a meeting of the committee and select a successor to Mr. Olson. This selection must be confirmed by the National Republican committee.

Since it has been suggested by some republicans that Gunder Olson who is now collector of internal revenue call a convention of republicans, the issue has been raised that as a federal office-holder he must renounce all political activity.

This is just what Mr. Olson is trying to do but to the satisfaction of those who truly represent the principles of the republican party. But he is faced by a peculiar situation. Burleigh Spaulding claims that he is chairman of the real Republican committee, and that it would be proper for him to receive the resignation of Mr. Olson as national committeeman.

On the other hand F. C. Nichols is a nonpartisan and although holding the title of republican chairman under the party laws of the state, there are many who do not want to throw the control of the Republican committee into his hands.

Two As Chairman
Hence one of the like complications, only one of a select few that confront the Republican party in this state. Spaulding on one side and Nichols on the other give the republicans a choice that is embarrassing to say the least.

It has been suggested by some Republicans that Gunder Olson call a conference of Republicans and state the issues plainly. Federal laws prevent his further participation in active politics and his resignation is a matter of time now, but no improper matter would attach it is argued were he to call Republicans together as a last official act and present his resignation.

Anxious to Retire
Mr. Olson is anxious to retire as national committeeman and must under the federal statute, but he is confronted with a situation that is perplexing in the extreme. Since his appointment as federal official, Mr. Olson has refused to take any active part in politics or exercise the functions of a national committeeman.

As a general farewell and testimonial to his past services a general meeting of Republicans is being suggested in the hopes that some solid ground may be arrived upon to combat a situation that menaces the success of a resumption of regular party control in this state.

DUNBAR ASKS
COURT RELIEFFiles Application with Supreme
Court in Contempt Case

Harry B. Dunbar, state license inspector under former Attorney General Lemke, has applied to the supreme court for a writ of certiorari directed against District Judge W. L. Nuessele and J. M. Cran, clerk of district court of Stutsman county, following Judge Nuessele's order to Dunbar to appear before him on March 24 and show cause why he should not be adjudged in contempt of court.

Dunbar had been summoned before Judge Nuessele on March 10 to answer concerning the possession of an automobile and whiskey taken from whiskey runners in Stutsman county last summer. One of the rum runners was killed in a running fight. J. K. Murray of Mott, attorney for Dunbar, appeared before Judge Nuessele at Jamestown March 10 but Judge Nuessele refused to regard this as sufficient, Dunbar having been summoned.

In his application to the supreme court, Dunbar declares that the automobile is in a garage in Bismarck where it can be used by the attorney general's license department and that District Judge Lowe, of Minot, issued an order for the destruction of the carload of whiskey captured.

The two men who were arrested in the case gave bond and forfeited the bonds by non-appearance.

S. J. Doyle, present marshal, was in Bismarck today to attend court. He denied reports that serious charges had been filed against him. He had not been informed of Shea's confirmation, he said.

SHEA CONFIRMED
AS U. S. MARSHAL

According to information received in Fargo, the nomination of James Shea to be United States marshal for North Dakota has been confirmed by the United States senate. It is expected that Shea will take his place within a few days.

S. J. Doyle, present marshal, was in Bismarck today to attend court. He denied reports that serious charges had been filed against him. He had not been informed of Shea's confirmation, he said.

Duluth, Minn., March 16.—Booming of cannons, the battle of drums and strains of martial music from half a dozen drum corps and bands announced to Duluth at daybreak today that district chiefs and their commands were on hand for the opening of the 15th district Rotary conference which continues through tomorrow.

LEAGUERS HERE
IN CONVENTION

The Burleigh county convention of the Nonpartisan league is being held today in Bismarck. The convention was to be called to order this afternoon. Delegates will be elected to the state convention to be held in Fargo, March 23.

SOUTH AFRICAN
GENERAL STRIKE
DECLARED ENDEDDecision Taken By Old South
African Federation,
Announced

Johannesburg, March 16.—(By the Associated Press.)—The strike of miners which has held South Africa in its grip for more than two months has been called off.

The decision was taken by the old South African industrial federation as distinct from the federation augmented executives. It announced first that the general strike was null and void; that the augmented executives would call off the mine strike and third that, completely in the revolution against the government was repudiated. Order has been completely destroyed. The police declare they have much evidence showing that a Bolshevik report was responsible for the resolution. The evidence will be astounding, they declared. A government official said prisoners will exceed 6,000 and that those guilty of outrages will be severely dealt with.

G. O. P. CONFER ON
COMPENSATIONChairman Fordney to Introduce
Bonus Bill Today

Washington, March 16.—A petition for a conference of Republican house members for next Monday night to consider the compromise soldier bonus bill was put in circulation today by representative Lindeberger, of California, a former service man and received a number of signatures within a short time.

BILL INTRODUCED

Washington, March 16.—The compromise soldiers' bill as finally revised was re-introduced in the house by Chairman Fordney, who submitted a majority report from the ways and means committee, claiming these advantages of the plan of the bill:

No new taxation; no issuance of new securities is at present required. It provides for the veteran in need a method of obtaining aid.

The amounts required each year after July 1, 1923, are small compared to those that have heretofore been met and can be provided without any difficulty or derangement of our financial situation.

Plans to tend to promote savings habits among the veterans. It protects the veteran himself and his family from misfortune in the future.

It will create a class of home builders who will greatly increase the mass of prosperity in the country.

DELEGATES TO
GENOA NAMED

London, March 16.—(By the Associated Press.)—Prime Minister Lloyd George and Marquis Curzon, secretary of foreign affairs, will be among Great Britain's delegates to the Genoa economic conference, it was announced in the house of commons.

MRS. OBENCHAIN'S
TRIAL CLOSING

Los Angeles, Calif., March 16.—Tonight may see the close of the argument to the jury in the trial of Mrs. Madalynne Obenchain, but early today it was regarded as probable the jurors would not be instructed and retired for deliberation before tomorrow.

J. Rush, chief defense counsel, who began the closing argument for the acquittal of Mrs. Obenchain yesterday was expected to conclude this morning.

TRAFFIC COP
ARRESTS WIFE

Oakland, Calif., March 16.—Traffic Policeman W. H. Garrett appeared in the police court records today as the complaining witness against his wife for cutting a corner where he was on duty.

He halted the offending driver before discovering her identity but arrested her anyhow and ordered her to proceed to the police station. She obeyed and deposited \$10 bail.

4-POWER PACT
RATIFICATION
HELD CERTAINAdministration Leaders Regard
Unanimous Agreement For
Vote Settling Matter

AMENDMENTS PROPOSED

New Proposals Dumped Into
Senate Hopper Before Vote
Agreement is Reached

Washington, March 16.—Despite acquiescence in the senate agreement to vote finally on the four-power treaty on March 24, the irreconcilables opposing ratification gave evidence today that they had no intention of abandoning their war against the arms conference agreement.

Administration leaders persisted in their declaration that agreement on the vote marked the collapse of all hope for defeat of any of the conference treaties. Senator Reed, Democrat, Missouri, went on the floor with the irreconcilable onslaught charging that the whole conference program "had been misrepresented to the public."

He presented figures to prove that the naval and four-power treaties taken together would place the United States in the greater danger.

Washington, March 16.—Administration leaders today regarded ratification of the four-power Pacific treaty in the senate as placed beyond the pale of all doubt by developments resulting in the unanimous consent agreement to limit debate and take a final vote Friday, March 24.

The agreement was proposed on the senate floor after a series of conferences among the various senate elements, and was accepted virtually without debate.

It provides that no further reservations or amendments shall be voted until next Tuesday, that speeches on the treaty shall be limited to one hour and that on reservations to 30 minutes each, beginning on Wednesday, and that final vote shall be taken without debate as soon as the senate convenes on the following Friday.

More Amendments Offered.
A new crop of reservations and amendments was thrown into the senate hopper late yesterday. One was the original reservation prepared by Senator Brandegee, Republican, of Connecticut, and discussed in the foreign relations committee before Senator Brandegee conferred with President Harding. It was presented by Senator Johnson, Republican, of California, who thus described it:

"I offer this reservation for the reason that it represents the concentrated wisdom of a majority of the Republican members of the foreign relations committee, or rather, it did represent that concentrated wisdom at one time."

A reservation introduced by Senator Shields, Democrat, Tennessee, would declare that the United States enters the four power arrangement solely for the purpose of avoiding friction in the Pacific, and without any intention of departing from American traditions against involvement in foreign quarrels.

Would Pledge Powers
A new amendment to pledge the four powers against entering into any secret treaty or understanding was put in by Senator Robinson, Democrat, Arkansas.

General debate on the treaty was resumed by Senator Ransdell, Democrat, Louisiana, with a speech urging ratification. He said he could not support one of the arms conference treaties and oppose others because he considered they "must stand or fall together."

The foreign relations committee's "no alliance" reservation, he characterized as "neither adding to nor taking from the treaty."

NEW EPIDEMIC
THREATENINGOutbreak is Reported in Eastern
Washington

Washington, March 16.—An outbreak of rabies is raging in the eastern section of the state of Washington, according to the Department of Agriculture. Reports from field agents are said to indicate a similarity of the epidemic with that of 1915 which caused the loss of life of 2,100 persons in five Rocky Mountain states before it was checked.

Spread of the disease was attributed in the report to infected coyotes, cases having been cited where these animals have attacked people in their homes and in streets of smaller towns.

WOOL GROWERS
TO ORGANIZE

St. Paul, March 16.—Recommendations that the wool growers of the United States work and organize toward the ultimate end of perfecting a national wool pool and selling agency were included in a report made by a committee appointed at a recent meeting of wool growers which met here yesterday.

The committee met to form a wool co-operative marketing association and to discuss feasibility of marketing the 1921 clip co-operatively with a view of making a report on March 29.

PRIVATE BANKS SHOW ABILITY TO MEET CALLS

Statement of Bank of North Dakota Reflects Easier Situation in This Regard

FOOTINGS SHRINKING

Farm Loan Department to Loan Half Million Dollars a Month, Report Says

Increased ability of private banks of the state to meet their obligations, an increase in cash reserves and activity of the farm loan department of the Bank of North Dakota is reflected in the statement of the bank's condition as of March 10, 1922, made today by C. R. Green, manager of the bank. The statement is made as of the same date as called statements from national and state banks, it being the announced intention of Mr. Green to follow the call of the comptroller of the currency in making statements of the condition of the Bank of North Dakota.

Real estate loans are being approved at the rate of \$15,000 to \$25,000 a day, according to the statements of W. B. DeNault, manager of the farm loan department, which is made a part of the bank statement. Mr. DeNault says the bank expects to appraise and approve loans at the rate of one-half million dollars per month hereafter and "hope to be able to increase our capacity beyond this amount."

The Bank of North Dakota, the statement shows, has advanced \$350,000 to the farm loan department, pending receipts of money from bond sales, which now will come regularly.

Reduce Borrowings.
The bank statement shows that banks of the state have reduced their obligations to it since the last statement, as of Dec. 31, 1921, by \$234,604.27, or from \$4,096,507.00 to \$3,762,202.73.

The discount paid on bank bonds sold by the former state administration is shown by the report to be \$141,841.40. No attempt is made by the bank to change the method of making the statement in many respects from the former administration pending the audit report on the bank. The \$141,000 item is carried as a resource of the bank.

Among the resources of the bank which indicate losses to be sustained in greater or less measure are the following: due from closed banks in loans, \$491,790.40; redeposits in closed banks, \$987,903.73; discount on bank bonds, \$141,841.40; interest earned (net) uncollected \$293,561.22. Profits are listed as \$129,969.21.

In comparison with the Dec. 31 report it is shown that loans to the mill and elevator and Home Building association show little change, but there is an increase in the amount loaned to state institutions from \$170,004.73 to \$406,716.16, being advances chiefly made because of deficiencies in the funds of the educational, penal and charitable institutions.

Footings Shrink.
The total footings of the bank show a shrinkage from \$9,456,237.20 on Dec. 31, to \$9,291,706.40 on March 10.

Total deposits from public corporations are shown in comparison with the previous report as follows: public deposits, sinking funds, Dec. 31, \$1,316,396.11; March 10, \$1,112,213.76; public deposits, state treasurer and institutions Dec. 31, \$2,358,259.47; March 10, \$1,894,952.69; from county, city, treasurers, Dec. 31, \$1,287,634.13; March 10, \$1,844,611.20.

The farm loan department is swamped with applications, according to Mr. DeNault's report. Total applications have amounted to \$9,581,500.00 and new applications are coming in at the rate of approximately \$100,000 a day, he states. The total amount of farm loans which may be made under present legislative authority is now exceeded by the amount of applications.

A Loan \$15,000 a Day.
"Regular appraisals in the field were commenced about February 1," the report says. "We have seven appraisers spending all of their time on this work and loans are being appraised as rapidly as it is possible for our office force to digest them. Up to this time loans have been appraised in 52 out of the 53 counties in the state and new loans have been approved in the amount of \$271,250.00. The appraisals are coming in and the loans are being approved at the rate of from \$15,000, to \$25,000 per day. We expect to be able to appraise and approve loans at the rate of one-half million dollars per month hereafter and hope to be able to increase our capacity beyond this amount somewhat. Attention is called to the fact that at this rate it will take the remainder of the present year to handle the available funds."

At the rate of a half million dollars a month an average of \$10,000 per month would be placed in each county. "We are working as large a force as can be worked to advantage and are bending every effort possible to make loans as rapidly as possible," the report says.

Diversification Batters Risk.
Regarding regulations concerning ownership of dairy cows in making loans Mr. DeNault says: "While the loans made by this department are based primarily on the value of the land offered as security, the financial standing and particularly the diversification of the applicant, are taken into substantial consideration in arriving at the amount to be loaned. Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

in the raising of corn, tame grass and potatoes on his land, is more desirable as a credit risk and a safer party to whom to make a loan than the farmer who does not make such a showing. Therefore this department feels warranted in loaning a somewhat larger amount in proportion to the value of the security to the farmer who is well diversified.

IMPLEMENT AND HARDWARE BIZ IS PICKING UP

Fargo, N. D., March 15.—The Implement and hardware business in North Dakota is going to be better this year than last and it's going to continue to improve, say managers of wholesale houses here.

International Harvester branch houses at Fargo, Grand Forks and Minot are expecting improvement, according to G. E. Petrick, manager of the local branch, but things are not quite so good at the Bismarck branch which deals with the southwestern part of the state where years of drought have had their effect. His company is putting more men into the field this year all over the state and expects to make a showing he said, adding: "You can't sell to North Dakota farmers any more, by sitting around and spitting tobacco juice against the

ILLITERACY, HOW TO COMBAT IT, IS DISCUSSED

Same Spirit That Prevailed Among Our Men In Time of War, Must Prevail Now

MRS. THORBERG'S ADDRESS

Fargo, N. D., March 16.—The same spirit that prevails among men in war, of volunteering, of going willingly where sent, must prevail in the present campaign against illiteracy. Mrs. E. A. Thorberg of Bismarck told the members of the North Dakota Chapter of the Daughters of the American Revolution at their third annual meeting here today. Mrs. Thorberg concluded her address with a challenge to the descendants of the men who won independence for the United States that the greatest work for them in this reconstruction period was to do anything they might be called upon to do in the illiteracy campaign.

"Why should we be alarmed at all over these figures?" Mrs. Thorberg questioned after she had presented the illiteracy statistics of the nation, of the army and of North Dakota. "Why indeed because of the illiterate and near illiterate twenty-five per cent of our population cannot share properly in our national life. They form the drag on labor, contribute largely to our criminal classes, fill our state institutions as delinquents. They are the examples of radical movements, spread disease, corrupt the ballot, limit commerce and earning power, hamper religion, break up our national home life. Five per cent of our industrial accidents occur to persons requiring services of an interpreter in presenting claims. In most cases these people are unable to read a danger sign or understand ordinary safety instructions. A quarter of a million dollars a day is a moderate estimate in the United States of the cost of the illiterate to industry in accidents alone. One can go on and on with figures to prove the need to obliterate illiteracy."

"Now comes the HOW to combat illiteracy. Let us see that there are no more new recruits by compulsory school laws and a truant officer to see that they are enforced. Raise the standards of our school, make them an interesting place. See that the students are properly housed in schools with room for all. Raise the standard of our teachers."

Mrs. Thorberg then explained the night schools, the moonlight schools of Kentucky, the night school work in North Dakota of schools in manufacturing plants, during working hours where the schools paid for themselves by the larger output because of working knowledge.

Volunteers Needed
"The same spirit that prevails among our men in time of war must prevail in the illiteracy campaign," Mrs. Thorberg continued. "Volunteer, go where you are sent willingly, do not give up until your purpose is carried out. If your charge becomes uninterested or more often discouraged, try a new avenue of approach. In talking with Miss Nielson, State Superintendent of Public Instruction, after her return from the illiteracy conference of the Northern and Middle States, she told me that the sentiment there was that this was the year to promote interest, arouse ourselves to action, to hunt the highways and byways for our material, then next year with a full program in force get to work in earnest. Publicity is needed, people are willing to teach, who have not thought of it until aroused."

INGROWN NAIL

Toe Nail Turns Out Itself if You Toughen Skin

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night. "Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions. —Adv.

Boom Johnson For Supreme Court

Eighty friends of Attorney General Sveinbjorn Johnson, meeting in his home town of Mountain, Pembina county, adopted resolutions favoring his election to the supreme court bench, according to a dispatch to the Grand Forks Herald. The resolutions declared belief that Mr. Johnson was highly qualified for a position on the high court.

THREW HUSBAND OUT, SAYS SONG BIRD IN REPLY

Denies That Her Husband Deserted Her and Tells Her Story of the Affair

St. Louis, March 16.—(By the Associated Press.)—Madame Margaret Matzenauer, grand opera singer, in a statement to the Associated Press denied statements of her husband, Floyd Glotzbach that he had deserted her and emphasized that she "knew him out of my New York apartment Jan. 26."

The diva asserted she has taken proceedings in New York for absolute divorce on the alleged grounds of infidelity.

The opera singer declared she had given Glotzbach \$150 a month, but in spite of this she "had to pay for every thread he wore." She stated that although she allowed him to "live the life of a prince" he publicly denied their marriage in a letter to a newspaper in Carmel.

Madam Matzenauer, touching on a report from San Francisco, that she expected to become a mother said she notified her husband to this effect a month ago after being examined by a physician at Ann Arbor, Mich., but it now turned out to be "a false alarm." She added that the physician also had written Glotzbach about her supposed condition.

MANDAN NEWS

Pioneer Residents Observe Anniversary

Mr. and Mrs. D. R. Taylor of Mandan celebrated their fifty-fifth wedding anniversary at the home of their daughter, Mrs. John L. Bowers on Sunday, March 5.

Mr. Taylor and Miss Alice H. Barrows were united in marriage March 5, 1867 at Adrian, Michigan, 40 years of the time since having made their home in Mandan or in North Dakota.

D. R. Taylor was born at Burlington, Vt., November 9, 1814, and was taken by his parents to Detroit, Mich., when a boy. He entered railroad work and for a number of years was employed by the Michigan Central. In 1878 he left that road and accepted a position as assistant roadmaster of the Brainard division of the Northern Pacific until 1880 when he was chosen as the first superintendent of the then scanty Yellowstone division of the Northern Pacific which had in that year extended its tracks west of the Missouri river to a point 59 miles west of Mandan.

Supt. Taylor remained here four years and thence went to Fargo, leaving the employ of the Northern Pacific to

become superintendent of the Fargo Southern, which was later incorporated into the Milwaukee system. Prior to going to Fargo he had become interested in the Fred Blingenheimer Drug company and returned to Mandan in 1885 purchasing the full interest in the business, which he has conducted continually since, a total of 36 years.

Mr. Taylor was at one time alderman of the city of Mandan and was postmaster for a number of years. Frank Briggs, later state treasurer and governor of North Dakota, was his assistant postmaster.

Mr. and Mrs. Taylor are both in the advanced seventies but are both in excellent health and the years rest lightly upon them. There are two children, Mrs. John L. Bowers and D. R. Taylor, Jr., who is associated with his father in the conduct of the business. There are three grandchildren in the D. R. Taylor, Jr. family.

Mandan Municipal Band Gives Concert

The third annual mid-winter concert of the Mandan municipal band, under the direction of Joseph Bergheim, will be held on Friday, March 24, at 8:00 at the Palace theater.

Since the close of the summer concert season which was greatly appreciated and was made possible by the work of Commissioner Edquest and the late N. E. Luther, Jos. Bergheim, leader, and the members have been faithfully attending rehearsals and appearing, gratis, at the high school basketball games.

The personnel of 30 members has been increased to 36 since last fall and the new members add considerable in various sections of the band, notably the reed division.

Following is the personnel of the band:

Cornets: Ralph Law, Charles Pinn, R. R. Latz, Miss Alice Well, Preston Huff, Otto Gussner, Allen Grosgbauer.

Horns: C. L. Love, Vincent Luther, John Mushik, Anton Niebauer, Walter Vorpahl, Clifford Fylling.

Trombones: Henry Breuninger, Wm. Steinbrueck, Lowell Collis, Harold Law, Percy Tibbets, William Reymann.

Baritone: John Stasney, John Atkinson.

Bass: Carl Burdick, Herman Leonard, H. J. Tavis.

Piccolo: G. P. Rugg.

Oboe: R. S. Johnstone.

Clarinets: Stephen Mendlick, Frank Bruce, Henry Law, Frank Boehm, Bruce Johnstone, Peter Cooper.

Snare Drums: Norman Dybrick, William Stutsman.

Bass Drum: Eugene Burdick.

Talks on Plans For City Parks

Dr. H. O. Altnow gave a splendid talk to the members of the Mandan Rotary club yesterday outlining some of the aims of the Mandan Park Board. No member of the board is more of an enthusiast over the possibilities of a park system in Mandan than Dr. Altnow, and in his talk he indicated that the park board was proceeding slowly and in a systematic manner. With the survey which will be made by Phelps Wyman, landscape architect, who will be here within the next two weeks it is expected a comprehensive plan for a park system will be arranged, one that will be worthy of a growing city and the completion of which will cover a range of several years. This is the one feasible way to proceed, for a little work done here and a little there with no system would only result in disappointment, Dr. Altnow declared.

While the park board has discussed many plans and projects, Dr. Altnow said that until a survey was made no definite statement would be given out as to plans, for the landscape architect

might recommend something much more feasible. A little money expended each year on a definite plan will in a few years transform the city and its surroundings without being a burden on anyone and the park system will prove the most valuable asset Mandan will have.

About sixty ladies were guests of the Fortnightly club Tuesday afternoon at the Commercial club rooms at the annual open meeting. An interesting program was opened with the singing of America led by Mrs. Fitzsimons, followed by a piano duet by Mrs. Badger and Mrs. Griffin. Talks were given by the representatives of the various federated clubs of the city; Mrs. H. H. Stutsman for the Musical club, Mrs. Anna Stark for the Civic league, Mrs. F. W. McKendry for the Conservation league, Mrs. J. S. Nickerson for the Library association, and Mrs. J. A. Biggs for the Fortnightly club. Mrs. L. N. Cary, president of the state federation of Women's clubs, spoke on "The Club woman's Place in the Community." Mrs. W. E. Fitzsimons, Mrs. H. A. Middaugh and Mrs. R. W. Shimmers each sang vocal solos and responded to encores. They were accompanied by Mrs. Badger and Miss Hejen Stabler. A playlet "The Reader" under the direction of Mrs. F. W. Waldo was cleverly given and the final number of the program. The cast included Mesdames A. J. Peterson, H. K. Jensen, W. C. Aylen, Jos. Bergheim, W. G. Renden, J. A. Biggs and Harry Thorberg. Tea and cake were served following the program.

Florence McAniff has left for Glendive to spend several days attending to business matters. Mrs. McAniff is visiting in Glendive.

Mrs. John L. Bowers left yesterday for Fargo, where she will represent the Mandan chapter at the state convention of the Daughters of the American Revolution.

NEW STREET CAR IS PURCHASED

The Capitol street car line will be operated again. The board of administration has purchased a used car from the Grand Forks Street Railway company at a cost of \$950 in Grand Forks. The car was tested by Prof. D. R. Jenkins, of the state university, and is being painted green with white trimmings before being shipped to Bismarck.

The new car was tested with 50 passengers aboard. It is lighter than the car formerly operated on the state capital line by the state.

POSSIBILITIES OF FLOODS IS BEING TALKED

Many People Getting Anxious Over Warm Days Which Will Release Winter's Snows

Fargo, N. D., March 15.—Reports from various parts of the state discuss the dangers and possibilities of floods when the warm weather lets loose the waters of the ice and snow cover, accumulated during the winter.

The ice water floods which pour through the low lands of various sections of the state are not in a class, however, with the deluge that washed North Dakota in the glacial period, according to the geologists. If those conditions held good today, they say, the National Parks Highway would have to be marked by bell buoy and traversed in boats.

The ice sheet that pushed down out of the north was from half mile to a mile high and covered practically that part of the state north and west of the Missouri river.

When it began to melt the water poured off of it in earnest and ran away through great valleys which are now the courses of little streams. The Shyenne valley is such a one.

Incidentally, the Missouri and other rivers of the state once flowed east and then through the present outlet of the Red River of the North until they reached the Atlantic or Hudson Bay. But the ice sheet came smack against the Plateau du Coteau du Missouri—the highlands of the Missouri—is dammed them off and sent them south to look for the Gulf of Mexico, which came up as far as the Ohio river in those days. Thus Bismarck and Mandan lost the chance which Duluth now has of becoming an inland seaport.

The direction of the Missouri, the Little Missouri and the Yellowstone in the southwestern part of the state still show they were headed, originally for the north Atlantic.

Great Lakes were formed at the southern and western edge of the ice wall. Lake Agassiz in what is now the Red River valley was the greatest of these. It covered 110,000 square miles, most of it in Canada. Then there was Lake Dakota in the present valley of the James and Lake Souris west of the Turtle Mountains.

Lake Agassiz overflowed south through a mighty channel discovered and explained in 1868 by General G. K. Warren of the U. S. Army. It about coincides with the Minnesota-South Dakota border and is still marked by Lakes Traverse and Big Stone.

The difference in topography between the country northeast and southwest of the Missouri may still be seen. The buttes south of the river show only the effects of erosion—the wearing of water and weather. The rounded hills to the north and west of the Missouri have been ground down by the ice sheet and "grounded" by glacial drift. The "Turtle mountains" belong, geologically to the Missouri highlands but were cut off from them by the Missouri river.

The drainage system in the highlands is older and better organized than that of the country further north and east. There are still streams in this section that lose themselves in marshes. This because there has not been enough time since the glacier went away for complete development of a drainage system.

CUT ROAD LEVY

LaMOURE PLAN

LaMoure, N. D., March 15.—As an economy measure, LaMoure county taxpayers and officials, meeting here to discuss means of reducing public expenditure, by a practically unanimous vote, adopted a resolution declaring that no taxes should be levied during 1922 for road building in conjunction with the state and federal governments. Mrs. Mabel Osborne, county superintendent of schools, answering criticism of the teachers' minimum wage law, stated that only 12 LaMoure county teachers are being paid wages as low as those provided in the law. She opposed repealing the law, holding it serves as a standard and prevents inequalities. J. M. Humphreys, farmer,

HER AILMENTS ALL GONE NOW

Mrs. Sherman Helped by Lydia E. Pinkham's Vegetable Compound

Lake, Michigan.—"About one year ago I suffered with irregularities and a weak, nervous system and at times was obliged to stay off my feet. I doctored with our family physician and he finally said he could not understand my case, so I decided to try Lydia E. Pinkham's Vegetable Compound. After I had taken the first bottle I could see that I was getting better. I took several bottles of the Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and I am entirely cured of my ailments. You may publish this letter if you wish."—Mrs. MARY SHERMAN, Route 2, Lake, Mich.

There is one fact women should consider and that is this. Women suffer from irregularities and various forms of weakness. They try this and that doctor, as well as different medicines. Finally they take Lydia E. Pinkham's Compound, and Mrs. Sherman's experience is simply another case showing the merit of this well-known medicine.

If your family physician fails to help you and the same old troubles persist, why isn't it reasonable to try Lydia E. Pinkham's Vegetable Compound?

LOFTHUS ASKS EARLY HEARING

Former Examiner Goes to Fargo On Own Expense

Fargo, March 16.—O. E. Lofthus, former state bank examiner of North Dakota, accused of perjury in connection with the affidavit he and M. W. Thatcher, of Minneapolis, is connected with the Scandinavian-American bank case in Fargo before the state supreme court, appeared before Justice H. F. Miller.

He demanded a hearing, which was set for April 4, and furnished \$500 bond.

Lofthus arrived in Fargo Wednesday afternoon, making voluntary appearance.

Mr. Thatcher, who was expected yesterday in Fargo, failed to come because of the robbery of his home in Minneapolis. He advised authorities that he would come today to make appearance and answer to the charge.

CEMENT BOYCOTT NOW BROKEN

Madison, Wis., March 16.—The Wisconsin highway commission has decided to accept bids on the entire 4,500,000 barrels of cement needed to construct the 400 miles of concrete road planned for the present year, at a price of \$1.41 net barrel.

This means that the cement boycott of eight middle western states which held out for lower bids from cement contractors is broken. A. R. Hirst, highway engineer said.

EXTEND AUSTRIA'S DEBT TO U. S.

Washington, March 16.—The resolution of Senator Lodge, Republican, Massachusetts, extending for 25 years the loan of \$50,000,000 made to Austria for famine relief was adopted unanimously today by the senate and sent to the house.

Peru, Mass., March 16.—"I've got enough to do. I'll be hanged if I take the job of looking after everybody's cows and chickens."

It was in this way that Frank Creamer, "toobah of Peru," called a halt on the honors being given him at a town meeting. The 19 voters had just elected him moderator, town clerk, selectman, treasurer, tax collector, overseer of the poor and member of the health board. Then someone nominated him for field driver and he called quits.

Everything Quiet at the A. C. Lately

Fargo, N. D., March 16.—Quiet has prevailed for the last week about the agricultural college here. I would get tired of one woman and would desert her. Then I would feel the need of affection and would get married again," Moore said.

He was arrested on a charge of embezzlement preferred by his last wife, Harriet Evans, Hoosier school teacher, and his 12th bride. He is said to have embezzled \$400 from her and deserted after they had been married less than a week. Moore's brides have ranged from Seattle to North Carolina and from Louisiana to Minneapolis.

INTEREST IN POTATOES

Washburn, N. D., March 16.—Much interest was shown by the small crowd at the court house, when Mr. Covey of the agricultural college gave a talk on diversified farming.

Mr. Covey spoke chiefly on the subject of potatoes and their diseases and much useful and practical information was given. He urged the adoption of a popular variety, stating that a better price could be had when a community grew the same potato. He recommended the forming of a Potato Association for Washburn as other towns in the county have done and as many other towns over the state have done.

FOOD AND CLOTHES ARE "DYNAMITIC"

Washington, March 16.—That loaf of bread you cut last night for your dinner at one time in its career possessed all the dangerous characteristics of T. N. T. The spices in the apple dumpling you ate for dessert once boasted an equally strong claim to dangerous propensities. The sugar you put on it to add to its tastiness had, and still has, the potentialities of dynamite.

Experts of the Bureau of Chemistry of the United States Department of Agriculture are authorities for these strong statements. But they say they might go further and add that the rice in your pudding was just as "flighty;" that the napkin you use, if of cotton,

Spring Wheat

Good Bread Wheat Has Best Market Value

Any system of wheat farming which does not produce a profit cannot be recommended. A farmer must make money or he cannot produce good wheat but on the other hand unless he does produce good wheat, he cannot make money.

Fortunately, whenever the wheat is good, the yield is also good. We cannot control the weather but we can do our part to safeguard the quality of our good bread wheat and in spite of the rust, the ultimate control of which we can confidently say is assured, we can grow the best milling wheat in the world and sell it for more money than any other wheat.

Profit in Wheat

Farmers complain that the price they get for their wheat is less than it costs; but there is a good profit in good wheat raised under proper methods. In any event if the bulk of the wheat carefully grown in this nature's wonderland, is of inferior quality, nobody can be blamed for the lowness of the price as long as this mongrel wheat drags down the market. The easiest way to send clean wheat to the market is to keep the weed seeds and other dreckage out of the field.

Twelve hundred good farmers have told us how they farm. Nearly all of them stated that they thought a better price would help the quality. It ought to, but would it?

When spring wheat was selling for \$2.80 a bushel, was our quality any better? It was worse if anything. Every farmer swept his bins and marketed all kinds of trash so that does not seem to solve the problem; but it must be remembered in the world that makes the best bread in the world. No. 1 quality, containing as it does, the most superior bread gluten, makes a stronger flour than any made from any other kind of wheat.

There is no money in poor wheat. There is always money in good wheat. Cut out the poor grain and get a high price for the quality bread wheat. Nobody wants the poor wheat which does nothing but lower the price. Good farmers all know how to grow good wheat.

The third annual conference of the North Dakota chapters of the Daughters of the American Revolution being held in Fargo convened late yesterday afternoon. At 6.30 p. m. the members of the local chapter entertained the visiting women and the members of the local chapter of the Daughters of the American Revolution at a dinner in the commercial club. During the social evening following the dinner a delightful musical program was given by Fargo women.

The two features of this morning's session were the address on "Illiteracy" by Mrs. E. A. Thorberg of the city and the memorial service for Mrs. Maude Whitney Hollister of Fargo, led by Mrs. W. J. Clapp.

Papers presented at the session this afternoon were:

Mrs. J. M. Martin, Bismarck; Mrs. C. W. McGary, Bismarck; Mrs. William Langer, Bismarck; Mrs. R. R. Meeker, Jamestown; Mrs. Florence Golsch, Jamestown; Mrs. E. A. Presler, Fargo; Miss Edythe Stowell, Valley City; Mrs. P. E. Hoffman, Fargo; Mrs. Kate Glaspell, Jamestown; Miss Stella Buchanan, Jamestown; Mrs. John Tracy, Valley City; Mrs. A. N. Powell, Devils Lake, and Mrs. Ward Newman, Minn.

The officers of the organization are: Mrs. George M. Young, Valley City, regent; Mrs. M. A. Hildreth, Fargo, vice regent; Mrs. F. A. Thorberg, Bismarck, registrar; Mrs. G. W. Haggart, Fargo, corresponding secretary; Mrs. D. T. Owens, Bismarck, recording secretary; Miss Stella Buchanan, Jamestown, treasurer; Mrs. Austin Crane, Valley City, historian; and Mrs. Kate Glaspell, Jamestown, librarian.

Jamestown Girls Team Win Debate

Miss Louise Huber, of the city was a member of the Freshman Girls' debating team of Jamestown College, who won the debate from Concordia College by a decision of 2 to 1. The debate was held in Moorhead. Miss Huber was a member of the class of 1921 of the local high school.

"Received, that the open shop is preferable to the closed shop in American industry," was the question debated last evening. The Jamestown girls had the negative of the question.

Members of the Jamestown Girls' team are: Edna Zuber of Fessenden, Nino MacInnes of Natchez, Washington, Louise Huber of Bismarck and Irene Robertson, coach.

The members of the team of Jamestown College were the dinner guests of Mrs. Robert B. Reed of Fargo. The party will return to Jamestown Friday morning.

DICKINSON VISITOR HERE. Mrs. Vernon Green of Dickinson, was the guest of Mrs. Rose Hoffman of the Ross Shop yesterday. Mrs. Green is enroute to her home in Dickinson from the Twin Cities, where she has been visiting.

Pat says: "They are all going to be there."

Now that Ireland is FREE, all the Natives of the Good Old Sod are planning the biggest celebration of their lives at the McKenzie Hotel on the 17th of Ireland. Looking over the list of reservations, we see the following names:

MAGINNIS
O'CALLAGHAN
O'DONOHUE
MALONEY
McGOFF
O'HOLLIHAN
O'FLAHERTY
O'SULLIVAN
O'TOOLE
McCURE
RAFFERTY and
MIKE McCULE, from Castle Garden.

To be sure, there are others who have made reservations, and who will join in the hilarious occasion, but the ones mentioned are a few of the boys who have picked Shamrocks and fished on the River Shannon.

Just as we were about to hand this list to the waiting reporter, Patrick O'Leary rushed up to the desk, and exclaimed: "And sure, Billy O'Hare. I want a reservation for your St. Patrick's Day Party. You know, I want to be among the Irish on that good old day, and I understand they are all going to be here."

"All right, Pat," was Billy's reply. "How many are in your party?" "Myself and me wife, Billy, is all." "Our rates are \$1.50 per person, Pat, that's three dollars." "Pat, shelled out the three bucks, and Billy said: "Thank you, Pat; now that includes a delicious Guinea Squab Dinner, Favors, and all night dancing. And remember, Pat, the seats at the table are yours for the entire evening, and you can eat and dance whenever the inspiration strikes you."

SURE, TOMORROW NIGHT IS THE NIGHT!

Why, the night of St. Patrick's Party. And the bunch is all going to be there. And the eats and the fun—O gee. It is going to be a corker. With a program rich and rare. And if you miss this luncheon, You'll hate yourself for fail. So hurry and get your Green Caps on. And plan to enjoy a treat. For there is going to be plenty of fun. And plenty of things to eat; And there is going to be plenty of talk,ng. And plenty of speed in Galore. We are all going to the McKenzie To celebrate Old Ireland once more.

MCKENZIE HOTEL.

St. Patrick's Day Party to Maintain Former Standard

Reservations are being made by Bismarck and out of town people for the big St. Patrick's day party which will be held at the McKenzie hotel tomorrow night. The hotel management have established an enviable reputation for the originality of the entertainment provided for the guests and it is promised that the St. Patrick's day party will come up to the regular standard. The dance will be informal and everyone is invited to attend.

Bismarck Boy Is Member of Team

Alfred W. Prater, son of Mr. and Mrs. W. J. Prater of the city, is a member of the R. O. T. C. rifle team of the University of Minnesota. He graduated from the Bismarck high school with the class of 1921 and his friends will be pleased to learn of his being a member of the rifle team.

The following was taken from the "Minnesota Daily": "On University R. O. T. C. rifle team scored another victory for Minnesota yesterday when they completed their rifle shooting match against the University of Missouri with the score of 1,725 out of a possible 2,000 to her opponents 1,550. The match was held by having each team shoot on their own range at the respective universities and by wiring to each other the scores made.

"With the arrival of 12 Winchester rifles from Camp Pike, Ariz., the obstacles which have hampered operations of the R. O. T. C. marksmen will be removed. In the match held with South Dakota last week the team turned in a 1,000 per cent score.

"Teams have been picked by competition from 28 company teams. Crack shots of these squads were chosen to form one team made up of 18 men. Capt. Tychem, lauded the morale and high quality of sportsmanship displayed by the team and suggested a pep fest and party planned for the near future.

"The team is composed of the following men: C. W. Hunt, F. H. Jacobson, H. Halverson, E. A. Yohely, S. H. Cromwell, Alfred W. Prater, A. Moe, L. T. Robinson, S. Fadden, H. Rhoades, R. F. Wolterstorff, T. A. Langlie, H. Beseler, K. F. Katler, U. H. Marcum, D. Burns, N. B. Lillegard, George H. Morse."

GIVE FAREWELL PARTY

RUFFLES AND BIG HATS

BY MARIAN HALE New York. — Ruffles and big hats! What could be more delightfully summer-like? Claire gives us a very clever combination of the two in this frilly frock of white silk crepe and the large straw hat thickly clustered with colorful fruits and flowers. The frock is an exceedingly girlish thing with a very full skirt and the new and very popular tight bodice. Ruffles finish the neck and sleeves as well as border the skirt. Nestled in the ruffles of the skirt one finds a new and really lovely touch; small bunches of brightly colored flowers. At the left side of the waistline one finds another cluster of flowers, a charming accent for it is quite true that small waists are being accented this season!

Tuberculosis Nurse Reports on School Work

Tuberculosis Association reports on inspection of tuberculosis nurse from January 10th to March 10th. No. of children inspected.....1008 Underweight 557 Defective throats 363 Defective teeth 526 Defective nasal breathing..... 129 Enlarged cervical glands..... 422 Enlarged thyroid glands 26 Defective vision 180 Defective hearing 14 Defective speech 10 Orthopedic defects 9 Skin eruptions 26 Notices sent to parents 705 Extremely nervous 5 Number of tooth brush drills..... 12 Talks to children..... 12 Talks to parents 8 Home visits 47 Received free medical treatment..... 22 Received care from free bed fund at Bismarck hospital 2

Dental survey made in first six grades inclusive in all schools, including St. Mary's school. Milk furnished by Community Council to all underweight children.

Home visits disclosed some very insanitary living conditions which warrant investigation. Referring to the report, we call attention to the fact that more than 50 per cent of the children in the public schools are undernourished. As mal-nutrition predisposes children to tuberculosis as well as every other preventable disease, we earnestly urge the co-operation of every parent in helping the children to carry out a definite health program.

The Modern Health Crusade which is being furnished to every school by the Tuberculosis Association provides a very simple and effective program. The Tuberculosis Association has offered Bismarck the use of \$1,000 to be applied in maintaining an open air room in connection with our schools. An open air school room has proven of untold benefit to undernourished children wherever they have had the opportunity of using one.

A dental survey of the first six grades of the Public and Parochial schools has been completed and parents notified of the conditions needing attention. The school board has consented to furnish uniform tooth brushes at a nominal cost to every child.

The hospitals have a special rate for use of operating room and twenty-four hours care for children having throat operations. The Free Bed Fund in the Bismarck Hospital cared for two sick children. One of these received care for two months.

Miss Gaither wishes to thank the doctors for free surgical care of 22 children who needed attention of a specialist. Also the teachers, parents, school board and the women's organizations for money to meet the hospital bills of five children, the doctors and dentists and last but not least the boys and girls themselves for their splendid co-operation.

Dance every Tuesday, Thursday and Saturday evenings at 8:30 at The Coliseum.

THIN, FADED HAIR NEEDS "DANDERINE" TO THICKEN IT

35 cents buys a bottle of "Danderine." Within ten minutes after the first application you can not find a single trace of dandruff or falling hair. Danderine is to the hair what fresh snowflakes of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, helping your hair to grow, long, thick and luxuriant.

Girls! Girls! Don't let your hair stay lifeless, colorless, thin, scraggy. A single application of delightful Danderine will double the beauty and radiance of your hair and make it look twice as abundant.

"Splash away, Son—the floor is Valsparred"

"YES, you precious little rascal—you think you're getting back at me for that tiny bit of soap suds in your eye. But permit me, most excellent son, to inform you that the floor is varnished with Valspar—and that you and I are here just to tell people that even soapy water can't harm a Valsparred surface. So you can keep on pouring till it runs off the page!"

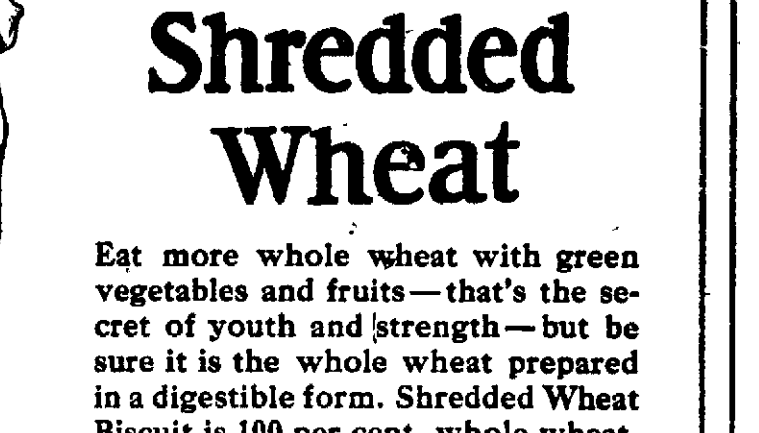

Valspar Varnish is not only exceptionally durable and easy to apply, but absolutely waterproof. It can be washed freely with soap and water. It will never turn white!

WANTS TO MEET JACK DEMPSEY

"Strangler" Lewis Would Meet Him in Boxing Bout

Nashville, Tenn., March 16.—Bill Sandow, manager of Ed "Strangler" Lewis, world's heavyweight wrestling champion today deposited a check for \$5,000 with the sporting editor of the Nashville Banner in connection with a challenge to Jack Dempsey, heavyweight boxing champion, to be staged any place in the United States at a date to be selected later.

READY TO MEET HIM

New York, March 16.—Jack Dempsey is ready to meet Lewis in either a straight wrestling bout or a mixed bout of boxing and wrestling, Jack Kearns, the champion's manager declared today when informed of the challenge by Bill Sandow.

SAYS TELEPHONE COMPANY GAVE ALL INFORMATION

L. S. Craswell, district manager of the North Dakota Independent Telephone Company, stated today that insofar as he was able to ascertain at the office of the North Dakota Board of Railroad Commissioners, neither the North Dakota Independent Telephone Company, nor the Northwestern Bell Telephone Company had refused information concerning their affairs when requested by the Commission in connection with rate hearings.

This statement was made in connection with an article which appeared in Tuesday's Tribune, quoting S. J. Hunt, utility expert, who has been employed by the Commission at various times, and who stated that the two companies had failed to furnish certain information which had been requested from them previous to the time their rate case came up for trial in the Federal Court at Fargo last fall.

The Commission, Mr. Craswell said, in an order dated April 9, 1921, with reference to a rate case pending at that time, commended both companies upon the manner in which they had furnished and presented information asked for by the Commission.

GET JURY FOR ARBUCKLE TRIAL

San Francisco, March 16.—Attorneys for the state announced at 5:30 o'clock yesterday afternoon that they accepted the jury as it then stood for the third trial of Roscoe C. (Fatty) Arbuckle, film comedian, on a manslaughter charge in connection with the death of Miss Virginia Rappe, film actress. The jury contained three women.

Final selection of the jury was held up by defense counsel after a few minutes deliberation, when they excused one of the nine men on the jury.

THATCHER ASKS EARLY HEARING

Fargo, Mar. 16.—M. W. Thatcher, of Minneapolis, president of the Equitable Audit Company of that city, today appeared before Justice H. F. Miller here to answer the charge of perjury preferred in connection with an affidavit he made in the Scandinavian-American bank case before the state supreme court.

Mr. Thatcher, represented by A. G. Elvert, of Fargo, demanded a hearing, and Tuesday, April 4, was set as its date. Mr. Thatcher was released on \$1,000 bond.

AT THE THEATERS

The Eltings

There is so much doing in each of the eight reels which make up the "Molly O" show that it is difficult to tell the story in a brief synopsis. However, the information is given out that Mabel Normand as Molly O'Dair is chief assistant to her mother, who takes in washing. She is happy, sincere and unaffected and seeks better things than her tenement home affords. Eventually she acquires them, but not without misunderstandings with her father who has picked out a husband for her. Her dad regards the young doctor who has become interested in Molly O with suspicion and makes it plain that he doesn't get a welcome from the head of the O'Dair home. How Molly O rises to happiness is better told by the pictures than can be done in print. "Molly O" shows at the Eltinge today and tomorrow, Thursday and Friday.

At the Capitol

A cast embracing many of the most prominent personalities in the American theater presents Wm. Christy Cabanne's big "mystery drama," "Beyond the Rainbow," distributed by R-C Pictures, for Monday showing at the Capitol theater.

Among those who appear are Helen Ware, Lillian (Billie) Dove, Rose Coghlan, George Fawcett, Edmund Breese, Maryjane Courtot, Diana Allen, Macey Harlam, Huntly Gordon, Harry Morey, William Tooker, Virginia Lee and Clara Bow, beauty contest winners; James Harrison, Walter Miller and Charles Craig.

ARE YOUR DAYS A PLEASURE?

Perfect Health Will Make Them So

Minneapolis, Minn.—"When I was ill with influenza my wife gave me Dr. Pierce's Pleasant Pellets to cleanse my system of impurities. Our son was ill at the same time with this disease; he also was given the Pellets, and I am sure they helped us both to come safely through this serious illness. We have been using the Pellets in our home for over twenty years, and have always found them effective in ridding the body of impurities, and they have never in one instance caused distress or griping."

"I am equally as enthusiastic concerning Dr. Pierce's Anuric (Kidney and Backache) Tablets as a relief for kidney and bladder weakness. I keep Anuric in readiness for my own use all the time and consider it unexcelled as a kidney medicine." Marvin Blain, 2420 Fourteenth Avenue S.

Dr. Pierce's famous family remedies can be procured from your neighborhood druggist. Write Doctor Pierce, President Invalids' hotel in Buffalo, N. Y., for free medical advice, no matter what your ailment may be. Send him 10 cents if you desire a trial package of any of his medicines.

FRECKLES

March Brings Out Unsightly Spots. How to Remove Easily.

The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle. Fortunately for her peace of mind, Othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength Othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.

WORKMAN IS SERIOUSLY HURT

Relatives of Charles Myers, formerly of Driscoll, who was badly injured Sunday in an accident while working at the Hughes Electric company's plant here, arrived in the city today. Myers was caught in shafting, it is understood, one arm was broken and his thigh and leg seriously cut and bruised. He will recover, it is said.

A LARGER COPY OF THIS PICTURE SENT FREE ON REQUEST.

How Many Objects in This Picture Start With the Letter S? Can You Find Ten?

COSTS NOTHING TO TRY. IT IS EASY TO WIN

Just look at the picture above! Can you see any objects in it whose names start with the letter "S"? There are some there all right. Squash, saw, stove, scissors, shingles, stool and soap. How many more can you find? It's loads of fun to find them. Get the family together right away and see who can find the most.

Big Prizes—Little Effort

Loads of Fun

Could you imagine a better combination? Big prizes, little effort and loads of fun. Just think of it. Study the picture and the rules carefully, then make out your list of words. You don't have to turn the picture upside down or around. All the objects are plainly visible. There are 30 Big Prizes which will be awarded to the people sending in the 30 correct answers. The judges of this puzzle game will be J. E. Marshall, M. A. Hoffmann, Burton Shays, well known men of St. Paul, selected because of their reputation for honesty and integrity. Their high standing in St. Paul business life is your assurance of a fair consideration of your efforts.
